This presentation will show:

1. Installation of the Wood Log Gasifier at a home in the Outer Hebrides of Scotland
2. Sections of the Community Guide to H-CHP
3. Sections of the 'How to Toolkit' for H-CHP

Installation of the Woodlog Gasifier

Installation of the Woodlog Gasifier

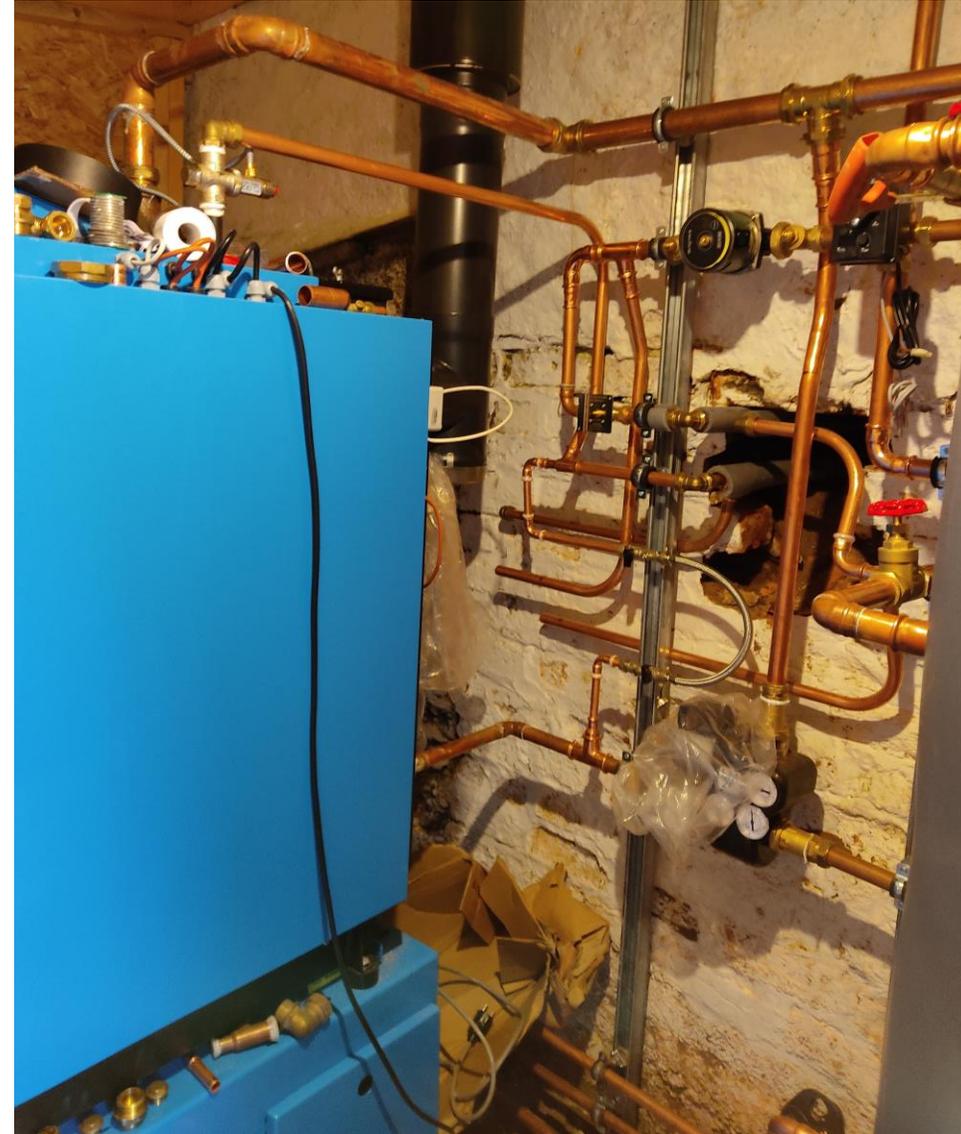

Installation of the Woodlog Gasifier

Installation of the Woodlog Gasifier

The purpose of this guide is to give an overview of our project and examples of small-scale combined heat and power for those who are interested in developing their own capacity and interest in CHP at an individual or community level.

National Boundary
 ■ In EU Member States
 ■ Outside the EU

Northern Periphery and Arctic Programme Area 2014 – 2020

ICELAND, FAROE ISLANDS, SVALBARD, GREENLAND, IRELAND, NORTHERN IRELAND, SCOTLAND, NORWAY, SWEDEN, FINLAND

Index

- 1 Introduction to the H-CHP Project
- 2 Purpose of the Community Guide to H-CHP
- 3 What is household or micro CHP?
- 4 Types of H-CHP and micro systems
- 5 How does H-CHP work
- 6 Examples of systems
- 7 Positives and downsides of micro scale combined heat and power
- 8 Community engagement for H-CHP and energy efficiency projects
- 9 Economic benefits to the Northern Periphery and Arctic Area of the EU
- 10 Partners within the H-CHP project
